This action is in response to the amendment filed 1/12/05.

***Reasons for Allowance***

1. Claims 1-9 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1, 7, and 9 are allowed for reasons of record set forth by the applicant in the remarks filed 1/12/05.

In particular, regarding claims 1 and 7, the semiconductor device is limited to having pocket (halo) regions in contact with the source and drains, but not in contact with the gate insulating film (claim 7 apart from). This limitation, in combination with the other limitations of claims 1 and 7 is not taught or suggested by the prior art of record.

Adan (US005401994) teaches the pocket in contact with the gate insulating film. Claim 9 limits the pocket region to having a concentration of impurity that is higher than that in the center of the channel. This limitation, in combination with the other limitations of claim 9 is not taught or suggested by the prior art of record. Adan (US005401994) teaches the pocket to have a lower impurity concentration than that of the middle of the channel.

Claims 2-6 are allowed as being properly dependent upon allowed claim 1.

Claim 8 is allowed as being properly dependent upon allowed claim 7.

Art Unit: 2813

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
